INTRODUCTION

My name is Abdulkadir Aliu, I am the C.E.O of Aliu Designs and Construction.

After years of receiving Mentorship and Investing in my intellectual capacity specifically in construction work and design philosophy. I wish to put forth my work without compromise. This was the birth of Abdulkadir Designs and Construction. (Quality Designs, Quality Construction, Honest Services, Great Value).

I have worked with 2 construction companies with great reputation. This portfolio is compiled together with the intent of providing freelance services and learning more as we work together.

At A.T Designs and Construction we offer high quality architectural and structural designs. We listen to your Needs, We Design it to your specifications. We build it to your Dream. Finally we have a team of both Engineers and Architects with massive Knowledge of professional ethics and high level experience.
